VERSO = ALWAYS IN LANDSCAPE

LANDSCAPE

Available space
H 88 mm x W 150 mm

Bleed
3 mm

SPECIFICATIONS

The images used in your layout should be embedded as
High Resolution TIFF or EPS CMYK (300 dpi) in a PDF.

Colour spaces like Lab, RGB... are not supported.
Spot colours should be converted to CMYK before exporting to PDF/X.

All fonts should be embedded in the PDF,
printing fonts and screen fonts.

The total ink coverage may not
exceed 280%.

A good example:
C: 80% / M: 50% / Y: 60% / K: 80%
This gives us a total of 270% in this
specific area

A bad example:
C: 90% / M: 90% / Y: 80% / K: 80%
This gives us a total of 340%
